Name of child.....

Our topic in Spring 2 is Lets Grow!. To help us plan for what your children would like to learn and what you would like them to learn, please answer the following questions.

1) What does your child already know about Growing for plants and people and animals such as life cycles?

2) What does he/she want to find out and learn in this topic?

3) What would you like him/her to learn or find out?

Thank you for taking the time to complete this. We will use it to plan activities relevant to your child's interest and need and keep you informed through our regular weekly newsletters.
